slow clap to the beat  
faster clap on off-beat

Woke up past eight today,  
my neighbor paid my meter,  
My boss gave me a raise,  
didn't even say the reason  
There's kindness in the air  
and it takes me where I'm goin'  
I think I'm happy and I know it, know it.

flop over then stand up  
thumb pointing to the side  
'show me the money' hands  
shrug shoulders  
arms above head in a rainbow  
marching feet  
Spin @ in a circle

## Chorus:

All these things keep goin' my way,  
I got a big old smile all over my face,  
Don't know why but it keeps gettin' better  
Cause it's the Best Day ever!  
The best day.  
It's the Best Day Ever!  
The best day.  
It's the Best Day Ever!  
The best day.  
It's the Best Day Ever,  
Best day ever.

one at a time clap & direct to  
next person – then go other way  
shrug shoulders  
March forward for 4  
Back for 4  
(if room, 8 forward, 8 back)

slow clap  
faster clap

Best friends from outta town,  
showed up in a stretch limo,  
The weather's perfect out,  
I'm rollin' down the window  
We got more energy than lights in New York City  
And I'll never ever forget it, get it

pretend glasses on  
sit squat & drive  
rolling down windows motion  
crazy free movements  
pointer finger to side of head

Repeat Chorus: All these things.....
